Appendix

Notes Regarding Tables I and II

Note 1: (Re: Tables I & II) Data for Table I for the January 2010 Council Round were run on 11/18/2009. Only applications assigned to a division by that date were included in Table 1. Nine applications for the January 2010 Council had not been assigned as of 11/18/09. Applications that had been withdrawn by that date were excluded from Table I. Dollar amounts shown in Table 1 are direct costs only (dollars requested for only the first year).

For Table II, run on 1/4/2010, only applications that had been assigned to a division, reviewed, and percentiled by that time were included. Six grant application in the RPG line did not meet these criteria at the time Table II was prepared (they had not been assigned to a division).

Note 2: (Re: Table I) Research Program Grant applications shown in the first line include P01 (Program Projects), R01 (Research Projects), R03 (Small Research Grants), R15 (Academic Research Enhancement Awards), R21 (Exploratory/Developmental Awards), R33 (Exploratory/Developmental Grants Phase II), R34 (Clinical Trial Planning Grant Awards), R36 (Aging Research Dissertation Awards to Increase Diversity) and U01 (Cooperative Agreements). Contracts are not included. Costs shown are the first year total direct costs requested. Facilities and Administrative costs are not included.

Note 3: (Re: Table I & II) Data include applications to be reviewed by Council, applications considered not competitive and applications requesting \$50,000 or less.

Note 4: (Re: Table I) The data may include competing supplements to existing grants. These supplements are counted as separate applications except in the Center line.

Note 5: (Re: Table II) The data include Research Project Grant applications where percentiling was used to rank the applications. As applications responding to RFAs, and a few other applications, are not normally percentiled, the number of applications in Table II is usually less than the corresponding number in line 1 of Table I.
